The Insignia[®] Pro Assurance Program is a preventative program to protect greens, tees and fairways from snow mold. If snow mold breaks through more than 15% of the treated area, BASF will supply product at no cost for one recovery application to the affected areas.

How the program works.

Prescribed program for greens:

- With up to 90 days of snow cover:
 - Cleanup application of Xzemplar[®] fungicide at full label rate within 21 days of final application
 - Final application of Insignia Pro at 25 ml/100 m² + fludioxonil
- With more than 90 days of snow cover:
 - Two cleanup applications (Maxtima[®] fungicide and Xzemplar, 3 weeks apart) within 6 weeks of final application
 - Final application of Insignia Pro at 25 ml/100 m² + fludioxonil
 - If the superintendent has determined additional products or applications labelled for snow mold to be necessary in the past, they should continue this practice to ensure effective results

Prescribed program for tees & fairways:

- With up to 90 days of snow cover:
 - Insignia Pro at 25 ml/100 m²
- With more than 90 days of snow cover:
 - Insignia Pro at 25 ml/100 m² + fludioxonil
 - If the superintendent has determined additional products or applications labelled for snow mold to be necessary in the past, they should continue this practice to ensure effective results

Program details:

- Select the appropriate treatment option depending on the expected snow mold pressure and desired length of control. Make a single application prior to snow cover.
- Claims must be filed within 30 days of seeing snow mold breakthrough to your local BASF Sales Representative.
- All spray records will be required upon visit by a BASF rep to your course. No claims will be processed without full spray records.
- The golf course must have purchased product used from a BASF Authorized Agent after January 1, 2024.
- The Insignia Pro Assurance Program does not apply to purchases from other sub distributors and dealers and/or resellers.
- This is limited to providing one recovery application, up to the total acres initially treated.
- Control failure and cleanup product selection determined at sole discretion of BASF representative.
- BASF reserves the right to cancel or modify this program at any time.
